

Trout Unlimited Canada

to conserve, protect and restore

Canada's freshwater ecosystems
and their coldwater resources
for current and future generations

February 11, 2008

Doug Cressman, CEO

Dear Mr. Raguse:

On behalf of Trout Unlimited Canada, I would like to thank you for your generous donation. Since 1972, TUC has endeavored to "*conserve, protect and restore Canada's freshwater ecosystems and coldwater resources for current and future generations.*"

Your support will help in the development and implementation of TUC's work across Canada. Our members and volunteers are involved in important educational activities such as our Yellow Fish Road™ program, community-based watershed management and hands-on restoration activities. Using the best available science and engaging more than 3,500 members, we pursue conservation actions that bring results. Your contribution will help us greatly to carry on our important work.

Once again, thank you for your kind donation. If you have any questions, please feel free to call me.

Sincerely,

Doug Cressman

CEO

Trout Unlimited Canada
